MPF Statement – Voluntary Product Recall (03/29/21)

As a fourth-generation family-owned company, Midwestern Pet Foods has been committed to ensuring that our products are safe and nutritious for nearly 100 years. In cooperation with the FDA and out of an abundance of caution, we are voluntarily recalling specific lots of certain dog and cat food brands including CanineX, Earthborn Holistic, Meridian, Pro Pac, Pro Pac Ultimates, Sportmix, Sportmix Wholesomes, Sportstrail, Unrefined and Venture produced in our Monmouth, Illinois Kitchen due to the potential for salmonella contamination. All other Midwestern Pet Foods products are unaffected by this recall.

Lot code information may be found on the back top of the bags with the following format:

EXP AUG/02/22/M1/L#

The unique Monmouth Kitchen identifier is located in the date code as an “M”.

We continue a thorough review of our facilities and practices in an effort to better serve our customers and pet parents who put their trust in us.
